BIO ENERGY PAVILION

POWERING A SUSTAINABLE FUTURE

Bio Energy is among the fastest-growing renewable energy sectors, converting agricultural residues, biomass, organic waste, and industrial by-products into clean and sustainable energy. Solutions such as biomass pellets, Bio-CNG, biogas, bioethanol, biodiesel, and waste-to-energy are driving decarbonization and energy security worldwide. **India** is emerging as a global bioenergy leader through the **National Bioenergy Programme, SATAT**, and the **Ethanol Blending Programme**. The Indian bioenergy market is projected to exceed **USD 35 billion by 2030**, while the global market continues to expand with rising demand for renewable energy.

Explore the Best of Livestock Industry

Biofuels, Ethanol & Biodiesel

- Bioethanol Production Plants
- Biodiesel Manufacturing
- Sustainable Aviation Fuel (SAF)
- Bio Methanol
- Renewable Diesel
- Grain-to-Ethanol Technologies
- Molasses-to-Ethanol Plants
- Distillery Equipment
- Fermentation Technologies
- Fuel Blending Solutions

Biogas & Bio-CNG

- Biogas Plants
- Bio-CNG Plants
- Anaerobic Digesters
- Organic Waste Processing
- Gas Purification Systems
- Gas Compressors
- Bottling & Storage Systems
- Bio Methane Technologies

Sugar, Distillery & Ethanol Industry

- Sugar Mills
- Sugarcane Processing Equipment

- Ethanol Plant EPC Companies
- Grain Handling Systems
- Industrial Pumps
- Silos & Storage Solutions
- Co-generation Power Plants
- Process Automation
- Research & Development
- Engineering & Consultancy Services

Biomass Industry

- Biomass Pellets
- Biomass Briquettes
- Wood Pellets
- Crop Residue Management
- Biomass Boilers
- Biomass Gasifiers
- Biomass Crushers & Shredders
- Pellet Manufacturing Machinery
- Waste-to-Energy Solutions
- Biomass Power Generation

Renewable Energy Solutions

- Solar Energy Systems
- Solar Farms
- Wind Energy Solutions
- Hybrid Renewable Energy

- Systems
- Bioenergy Power Plants
- Energy Storage Solutions
- Smart Grid Technologies
- Carbon Capture Solutions
- Green Hydrogen
- Integration

Oil, Gas & Industrial Energy

- LNG & CNG Infrastructure
- Bio Refineries
- Industrial Chemical Technologies
- Pipeline Equipment
- Industrial Heating Systems
- Industrial Energy Management
- Environmental Monitoring Systems

Agriculture & Sustainable Technologies

- Farm Machinery
- Agricultural Equipment
- Irrigation Systems
- Organic Farming Equipment

- Agri-Tech Startups
- Precision Agriculture
- Drones & Aerial Imaging
- Post-Harvest Technologies
- Waste Management Systems

Research, Institutions & Business Services

- Government Departments
- MNRE & State Renewable Agencies
- Research Institutes
- Testing & Certification Bodies
- Financial Institutions
- Investors & Venture Capitalists
- EPC Contractors
- Industry Associations
- Consultancy Services
- Media & Publications

And Many More...

Visitors Profile:

- Biofuel Manufacturers
- Biodiesel & Bioethanol Producers
- Bio-CNG & Biogas Plant Owners
- Sugar Mills & Distilleries
- Food & Beverage Manufacturers
- Pharmaceutical Companies
- Paper Mill Owners
- Grain Processing Industries
- Oil Mills & Solvent Extraction Plants
- Biomass Pellet & Briquette Manufacturers
- Renewable Energy Developers
- Waste-to-Energy Companies
- Industrial Energy Users
- Steel Plant Owners
- Cement Plant Owners
- Warehouse & Storage Operators
- Quality Certification Agencies
- Government Officials & Policy Makers
- Research Institutes & Universities
- Technology Innovators & Startups
- Agri-Tech Companies
- Farmers & Farmer Producer Organizations (FPOs)
- Rural Cooperatives
- EPC Companies
- Investors & Venture Capitalists
- Procurement & Purchase Managers
- Quality Control Professionals
- Dealers & Distributors
- Consultants
- Industry Associations
- Media & Publications

Registration and Admission: The show is not open to general public. This is a trade event and only industry professionals will be allowed. No one under 18 permitted. No retail sale.
