Tea & Coffee Pavilion

Tea & Coffee are among the world's most valuable beverage industries, bringing together cultivation, processing, packaging and global trade. Rising demand for premium, specialty, organic and sustainably produced tea and coffee continues to drive innovation, quality enhancement and market expansion across the entire value chain.

The industry is evolving through advanced processing technologies, precision cultivation, smart irrigation, automation, quality testing and sustainable farming practices. These advancements create significant opportunities for growers, processors, machinery manufacturers, exporters, packaging companies, café equipment suppliers and technology providers, strengthening the future of the global tea and coffee industry.

Tea & Coffee Pavilion Branding

The Tea & Coffee Pavilion at the India International Farming Expo (IIFE) is backed by a strong national and international marketing campaign designed to attract the largest number of buyers, importers, exporters, distributors, retailers, café chains, HoReCa professionals, and industry decision-makers. The pavilion brings together key stakeholders from India and across the globe, providing exhibitors with an ideal platform to showcase innovations, expand business networks, generate quality leads, and explore new domestic and international market opportunities.

Estimated Industry Participation: 30,000+ trade visitors, 250+ exhibitors, and participants from 30+ countries, including leading buyers, wholesalers, retailers, processors, exporters, importers, and professionals from the Tea & Coffee industry.
